Offener Abend aus dem
International Study Program 2024
„War and Peace as a Theological and Ecumenical
Challenge for the Church”

mit dem Friedensbeauftragten des Rates der EKD,
Landesbischof Friedrich Kramer

With the start of the Russian war against Ukraine, a heated debate broke out within the EKD, in which a fundamental revision of the Protestant peace ethic was called for. The EKD Peace Workshop, which I subsequently convened, carried out a broad consultation process with the aim of transforming this debate into a constructive dialogue and arriving at a new basic text on Protestant peace ethics. We are eagerly awaiting the result.

Herzliche Einladung!
